1. After the Frankens moved in next to us, Mrs Franken kept bringing food for us and chatted to us when we were out in the front of our house.

± SEPTEMBER-DECEMBER 2020: GEESE & WEEDS

2. Mrs Franken seemed to blame us for the weeds in her garden and the geese walking over her grass

± DECEMBER 2020: PARTIES

3. Soon after Mrs Franken moved in she had a few gatherings with her friends in her back yard. She asked if the gatherings in the evenings bothered us, and we said no, because they didn't. Soon after that the gatherings stopped.

± FEBRUARY 2021: SPIDERS & RAT

4. Mrs Franken told us there was a large spider on the ceiling above her face one morning, that there was a dead rat lying on our lawn that her 8 year old daughter had thrown away for us while its body was still warm.

29 SEPTEMBER 2021: RAFFLE TICKETS

5. Mrs Franken sent me a Whatsapp to ask me to buy raffle tickets from her daughter. I didn't respond because I didn't want to buy one.
6. Please see **Annexure F – Whatsapps, 29 September 2021**.

5 OCTOBER 2021: PIZZA

8 OCTOBER 2021: NOISE AT NIGHT

9. The Franken children and their friends playing outside Mrs Franken's house were shouting so I asked Mrs Franken to ask them to be quiet. She did.

9-11 OCTOBER 2021: NOISE AT NIGHT

11. The Franken children and their friends made a noise outside our house in the evenings.

14. The Franken children and their friends made more and more noise outside our bedroom windows, especially 19:55-20:00 nearly every night.

± 15 OCTOBER 2021: BEES

15. Mrs Franken came to our house and said there were bees in the wall between our houses. She asked to see our wall. We didn't see or hear any bees. She asked if we were allergic to bees, and that she had sprayed them with vinegar.

19 OCTOBER 2021: "AFRISIST" EVENING

16. The Franken children and their friends made a lot of noise outside our house the whole evening. They shouted outside our bedroom windows 19:55-20:00, and again at about 20:25-20:30.

17. My husband went to tell them to keep quiet and to stop making a noise outside our house. I heard through the window that some men confronted him.

20 OCTOBER 2021: NOISE

18. Sometime between 19:00 and 20:00, the Franken girl and friends bounced a ball outside our bedroom. I asked them to go play somewhere else.

21 OCTOBER 2021: CAR ACCELERATING

19. I was in the road in front of my house. Mrs Franken got into her car and suddenly accelerated towards me. I went onto my driveway. When Mrs Franken was right next to me she honked her horn.

END OF OCTOBER 2021 – NOVEMBER 2021: BATRHOOM

20. Our bathroom window faces the street, and many evenings when my husband went to bath our toddler, Mrs Franken or the Franken children would walk past our bathroom window, shouting each others's names.

21. My husband started bathing our toddler at random different times, but the Frankens appeared outside our bathroom window regardless.

22. The Franken children also started making a short loud scream outside our bedroom windows at about 8pm, which is when our children go to sleep, and then they would quickly run away.

± NOVEMBER 2021 - DECEMBER 2021: FRANKEN BACK YARD

23. Whenever I went out in my back yard and made any sound, or stood where the Frankens could see me, there was the sound of a gate or something opening and/or closing from Mrs Franken's house.

24. When I was quiet and the Frankens could not hear or see me, it was quiet. As soon as I made a sound or they could see me, they would make a sound.

25. Once when I went out to clean the pool, there was the sound of a gate continuously closing and opening probably about 20 times.

26. When I went to work in my back garden one morning, Mrs Franken's daughter said out her window, "Wat gaan hier buite aan?"

5 NOVEMBER 2021: TOMATOES THROWN OVER OUR WALL

27. Rotten cherry tomatoes were thrown against our sliding door.

29 NOVEMBER 2021: BALL AND AIRPLANES THROWN OVER OUR WALL

28. The Franken children threw a ball over our wall and came to our house to ask for it. They were smirking when I opened the door for them.

29. About a week later I found two paper airplanes in my pool, and there was a bee on one of the airplanes.

± NOVEMBER 2021: NOISE FROM FRANKENS BACK YARD

30. Once as soon as I went out into my back yard, there was the sound of a police siren coming from Mrs Franken's back yard. As soon as I went back into the house, the sound stopped.

25 DECEMBER 2021: NOTE LEFT AT DOOR

31. As soon as my husband went to bath our toddler, there was a loud knock on the door. I didn't answer, but later discovered a note was left at our door.

26 DECEMBER 2021: ROTTWEILER

33. On the evening that we got our Rottweiler, Mrs Franken locked her two small dogs out of the house (they are always inside her house), and she and her family apparently left the house.

34. Her dogs kept on barking a lot until they returned home

27 DECEMBER 2021: NOISE OUTSIDE BATHROOM WINDOW

35. As soon as my husband went to bath our son, the Franken children appeared outside our bathroom window, and Caden yelled Alaina's name.

27 DECEMBER 2021: LOUD NOISES AT NIGHT

36. I kept hearing loud "doef" sounds coming from the Franken house at night. They happened about every hour until midnight, and kept waking up my baby

28 DECEMBER 2021: LOUD NOISES AT NIGHT

37. At about 22:00, there was a loud bang sound from the Frankens' back yard. Our toddler woke up terrified and screamed.

29-30 DECEMBER 2021: LOUD NOISES AT NIGHT

38. We heard our top gate creaking about three or four times each night.

39. That gate cannot move (and hence creak) unless someone pushes it. We looked out our front windows and did not see anyone. So if someone was pushing the gate to make it creak, that person was in the Frankens' back yard.

40. Our toddler kept waking up and crying from the noise. He didn't want to sleep alone anymore, so my husband now sleeps in his room.

41. We put a camera in a window that can see the gate and the creaking stopped.

12 JANUARY 2022: NOISE AT NIGHT

42. At about 22:00, I heard the slamming of car doors from Mrs Franken's house. There was more slamming than usual. It sounded like each door was slammed shut twice. A car then also drove past our house very slowly, playing loud music. The slamming doors and music woke my baby up repeatedly.

14 JANUARY 2022: ALAINA'S BIRTHDAY PARTY

43. The music was extremely loud, and we could not use the rooms on that side of the house at all.

44. The music was softer after 22:00.

45. Car doors slammed loudly almost every hour or half hour until midnight.

46. Then there were loud doef sounds intermittently until 01:30 from the direction of Mrs Franken's house.
