

CSOS Ref. CSOS-67/WC/22

FINAL WRITTEN SUBMISSION by Yvonne E Viljoen

19 September 2022

I refer to previous written correspondence 01 April 2022.

I refer to the recorded conciliation hearing 17 June 2022 14h30.

The only addition I have to the original written submission is the following:

Point 1

In the hearing held 14h30 17 June the respondent, which was recorded, Mr Theo Fitchat admitted to all present that two said cameras in question are in fact **recording** and furthermore stated that he cannot confirm what it is recording.

The respondent exact admission wording: ***"I cannot divulge what the cameras are recording"***

It can thereby be concluded, by the respondent own admission (recorded in hearing) that he is recording, the said two specific **recording** cameras in my complaint are pointed at my Minor Daughter (*8 year old*) bedroom window and our front yard and drive way where she and her 12 year old minor sibling commutes (*photographs substantiating this previously supplied*) are in fact unlawfully recording the activities of a Minor Female Children.
